## Tiago Cabaço Vinhas Velhas Red 2020

It is from our oldest vines, planted in the Estremoz Region, that we selected the best grapes from traditional Alentejo varieties.

### Tasting Notes

Deep red colour. Complex and perfumed, this wine is structured and fresh, with fine tanins. The finish is well- marked and persistent.

### Wine-making

The 2020 harvest ran smoothly, with prolonged maturations. The climate was generally moderate throughout the year. All grapes were carefully selected on a sorting table before entering the winery and into stainless steel lagares, where all grapes were foot crushed. This wine fermented 100% in these temperature controlled lagares and then aged in French Oak barrels before final blending and bottling.
