HT Syrah by Tiago Cabaço red 2021

The name HT is a homage that we intend to pay to Herdade do Trocaleite, whose terroir allowed us to create this wine. From six different tranches of the grape Syrah, were selected the best grapes wich gave body, shape and character to this monovarietal of ruby compact color, fine but powerful tanins and a persistent and an elegante finish.

Tasting Notes

With an enormous dimension in color and aroma, it's fiery and seductive. With cocoa notes, startled by the freshness and the smooth but powerful tanins that enhance the excited finish.

Vinification

In 2021 we were fortunate to be able to harvest grapes in a perfect degree of ripness with a balance and correctness that even today surprise us by the evolution. In addition to the good fruit we harvested from our vineyards we also benefited from the many investments and good decisions that we have been making, from the proximity between the vineyards and the winery, patient and soft pressings, from the low fermentation temperatures to small capacity vats, always with the permanent attention to detail.

Technical information

Wine . HT Syrah by Tiago Cabaço

Producer . Tiago Cabaço

Region . Alentejo – Estremoz

Year . 2021

Oenologist . Tiago Cabaço and Susana Esteban

Grapes . Syrah

Age of vines . 19 years old

Harvest Period . September 2021

Fermentation . Inox

Ageing . Inox

Bottled . March 2022

Alcohol . 14 % vol.

Total acidity . 5,1 g/L

pH . 3,55
