Torre de Estremoz White Wine 2016

This wine associates its name to the city of Estremoz where some of the best vineyards of Alentejo may be found. It is based on the traditional white varieties in the region, separately fermented, which ensure it the smoothness.

Tasting notes

Lemon yellow color very clear. Simultaneously fruity and floral, with aromas marked by pear, peach and orange blossom, is a soft yet sturdy white wine, delicate but sure, its acidity makes it fresh and lively, with a good finish.

Wine-making

We were fortunate to be able to do the blend we pretend, selecting grapes with the best quality and balance maturation. And then we get everything else that helped make such a fresh wine, namely proximity of the wine cellar to the vineyards, gentle pressings, low fermentation temperatures and rest in small stainless steel vats.
