## Torre de Estremoz Collection red 2022

The traditional profile of Alentejo is easily recognizable in our Torre de Estremoz Collection 2022, which aims to pay tribute to our vineyards around the city of Estremoz. Acknowledged as one of the finest of Alentejo's terroirs, our Estremoz vineyards lend consistency to a smooth, silky wine that is full-bodied yet soft, a hallmark of Alentejo wines..

## Tasting notes

Ruby red in colour. The velvety ripe fruit reveals clear notes of mulberry, chocolate and tomato leaf, confirmed by the fresh palate, sweet tannins and voluminous body. The finish is gentle and smooth.

## Wine-making

Thanks to the great variety of grapes at our disposal we were lucky enough to harvest grapes at a perfect stage of maturity, with irreproachable balance between alcohol, sugar and acidity. Grapes picked at the right time, which helped to make this truly smooth wine.
