.com Premium rosé 2022

Rosé wines are still considered austere and versatile, perfect for the summer and the season's meals. We have, therefore, chosen this .com Premium rosé wine, with a young and fruity profile making it dry and fresh. Thus, we seek to enhance the fruit and the freshness that make it such a welcome friend at the table.

Tasting notes

Light pink, with hints of salmon. Fruity though not excessively, dry, fresh and invigorating. This rosé wine boasts a profoundly culinary sense which livens and highlights the flavour of summer meals.

Wine-making

Thanks to an insightful management of the vineyard and benefiting from a specially happy year concerning the uniquely aromatic grape variety Touriga Nacional, we were able to create such a fresh and elegant .com Premium rosé.
